

Electric Chain hoist

Technical Details:

CC1-044.1P-N Electric chain hoist

Body size	K10
Trolley type	motor trolley
Safe working load (kg)	1250
Duty class	ISO M4 (FEM 1Am)
Falls	1
Lifting Height (m)	5
Flange width (mm)	100
Hoisting speed Low (m/min)	1.3
Hoisting speed High (m/min)	4.0
Trolley travelling speed Low (m/min)	5.0
Trolley travelling speed High (m/min)	20.0
Hoist motor power (kW)	0.90 kW
Power supply (V)	400
Frequency (Hz)	50
Phase	3
Control voltage (V)	48
Tropicalized trolley motor	90-95%
Hoisting limit switch	with upper and lower limit switch
P.B.-station mounted on hoist	
Pendant cable length	4.5 m
Chain container	
Slipping clutch	
CE-sign	
Normal indoor use	
Temperature -20° C up to +50° C	
Language of documents	GE (German)
Document type Paper	
Number of documents 1
